YOUR CAREER

Alumni, friends, staff and students gathered on 26 April 2024 for our “Last Lecture Dinner” to celebrate the 95th anniversary of the Faculty of Science. Mr Alex Tee shared insights from his personal journey of growth and moments of vulnerability, and how these experiences made him flourish and feel invigorated. He encouraged attendees to embrace meaningful risks and shared some ideas on how to start: Is there a conversation you need to have? Is there a person you need to pursue? Is there a sacrifice you need to make? Is there a project you need to start? Following the lecture, alumni spanning from the class of '78 to recent graduates engaged in a lively game of human Bingo, fostering camaraderie over good food and wine. The Pharmacy Alumni Group and Department are delighted by the evening's success and eagerly anticipate future alumni gatherings.
